Advanced Placement and International Baccalaureate Credit

Advanced Placement (AP). Students who earn scores of 3, 4, or 5 on the College Board AP examinations will receive credit toward graduation at UCI. The unit and subject credit allowed toward degree requirements assigned to each test are shown in the accompanying chart on the following page.

International Baccalaureate (IB). Students completing the IB diploma with a score of 30 or above will receive 30 quarter units (20 semester units) total toward their UC undergraduate degree. The University grants 8 quarter units (5 1/3 semester units) credit for certified IB Higher Level examinations on which a student scores 5, 6, or 7. The University does not grant credit for Standard Level examinations. Some higher-level examinations may be used to fulfill course requirements in lower-division major or general education requirements. For detailed information see the UCI Office of Admissions and Relations with Schools’ Web site at http://www.admissions.uci.edu/resources/ib_exams.html.

The units granted for IB examinations are not counted toward the maximum number of credits required for formal declaration of an undergraduate major or the maximum number of units a student may accumulate prior to graduation from the University. Students who enter the University with IB credit do not have to declare a major earlier than other students nor are they required to graduate earlier.

Duplicate Credit. Students should be aware that AP examinations, IB examinations, and college courses taken prior to or after enrolling at the University may be duplicative. In these cases, the University will award credit for only one of these. Students cannot earn units or grade points in courses from which they have been exempted on the basis of AP or IB credit. Students who elect to enroll in courses for which they have already received AP or IB credit will have those courses specially coded on their transcript without unit or grade credit. However, some examinations exempt the student from a greater number of UCI units than the number of AP or IB units earned. In such cases, the student may elect to take the final course in the series for credit.

1 Maximum credit 8 units.
2 Students who wish to enroll in any Chinese, Japanese, or Spanish course at UCI are still required to take the placement examination (and oral interview, if necessary). Students, however, cannot earn units or grade points in courses from which they have been exempted on the basis of Advanced Placement credit, even if placement results require enrollment in such a level.
3 Maximum credit 4 units.
4 Students who take the Calculus BC examination and earn a subscore of 3 or higher on the Calculus AB portion will receive credit for the Calculus AB examination, even if they do not receive a score of 3 or higher on the BC examination.

NOTE: All students should refer to the information about Duplicate Credit below.
